

## **PEI Trip Dietary Requirements/Allergies**

Please email Mme.McCulley ([laura\\_m@gnspes.ca](mailto:laura_m@gnspes.ca)) outlining dietary requirements or allergies for your student. Please do this by Thursday, June 21 at 8:30am.

The university cafeteria will work with us to provide appropriate meals while we are on campus.

When we are on the road, staff will ensure that all students get appropriate meals – we have three cars with us and nearby establishments to purchase anything needed!

Any students with an epi –pen should be sure that it is up to date and with them at all times.
